

# Artem Pakhomov

## PHP Developer from Kyiv, Ukraine

Phone: +380 (50) 027-93-00

Email: [setnemo@gmail.com](mailto:setnemo@gmail.com)

Github: <https://github.com/setnemo>

I have been working in the web industry for the past six years. I write a code according to SOLID, KISS, YAGNI, DRY. I publish all my pet projects on github as I adore open source. I am a backend developer and I fancy creating telegram bots. I began studying to play piano during the lockdown. This CV was created on PHP with Github Actions as I can't live without automation.

### Technologies

**PHP:** OOP, SOLID, REST, TDD, PHPDoc, PSR, MVC, Composer, Laravel

**DB:** MySQL, PostgreSQL, Redis

**Tests:** PHPUnit, Codeception

**Git:** understand rebase, reflow, squash, cherry-pick, soft/hard reset, etc

**Unix:** used ArchLinux, Debian, MacOS, vim, grep, sed, ssh, etc

**Containers:** docker, k8s

**Dev environment:** nginx/docker, Postman, PHPStorm, xDebug

### Experience

#### PHP Developer at Digitex *Kyiv, Ukraine - 04/2021 - Present*

- writing code with tests and documentation, working with queues, dockerize services, configure CI, etc
